

How to ride 'One-man' trains

All trains on all Hokuriku Railroad lines are operated by one driver only.

Boarding at an unmanned station

- 1 Enter through the front or rear door of the front car. (Doors in the second car will not open)
- 2 Take a boarding-station-ticket ('seiri-ken') from the machine when boarding.

Pay your fare when you get off. This boarding-station-ticket shows the station where you boarded the train and is required when you get off. Passengers using commuter or one day passes must also take a boarding-station-ticket.

Boarding at a manned station

- 1 Purchase a ticket prior to boarding at an automatic ticket machine or at the ticket counter. No boarding-station-ticket is needed.
- 2 Enter the train through any open door.

Getting off at an unmanned station

- 1 Get off through the front door of the front car.
- 2 Check your fare shown on the fare display.
- 3 Put the boarding-station-ticket and your fare (or ticket) in the fare box.

Since change is not given, please use the change machine to obtain the exact fare for payment. You can change ¥1,000 notes and ¥500, ¥100 and ¥50 coins on the train. ¥10,000, ¥5,000 and ¥2,000 notes cannot be changed. If you are using a commuter or one day pass, please show it to the driver. (Please put the boarding-station-ticket in the fare box.)

●The child fare for elementary school students is half of the adult fare (rounded up to the nearest ¥10)

Getting off at a manned station

- 1 Get off at any open door.
- 2 Please hand both the boarding-station-ticket and your fare (or ticket) to the station staff at the ticket gate.

If using the commuter pass or one day pass, please show it to the station staff. (Please hand the boarding-station-ticket to the station staff.)

In the morning rush hours and other times, there may be a conductor who will sell tickets on the train and collect tickets when you get off.

Entering/exiting train doors (at an unmanned station)

Station Information

All stations are unmanned at all times unless otherwise indicated:

- Manned station
- Station staff on site between 7 am and 8 pm
- ▲ Station staff on site mornings and evenings only on weekdays, and 7 am to 12 midday on Saturdays.
